## MISSIONS

**Mission 3025-03: Pirate Hunting**  
**Outside of Shelby City, Memphis, Crucis March, Federated Suns**  
**July 7, 3025**  
**Pilot Skill: 4-5**

Hey boys, listen up! So we've had some luck defending both the Shelby Drop-Port and a suspiciously important supply depot outside of town. Even better, we appear to have the pirates on the run. We're fairly confident that they have a base, or perhaps a dropship somewhere in the wilds outside of Shelby City, but we're not at all certain as to where.

Right now, we've got bigger issues, however, There's roughly a lance of pirates making a run for the wilds. We need you to run them down and make sure they don't bother Memphis anymore - regardless of any weird shenanigans that Lord Stephenson might be up to. I expect you'll catch up with them here at what I'm calling Grid Point Alpha.

If possible, you should let one of them "escape" - but make sure it's someone at least one of you can outrun. We'd like to shadow them back to their dropship and ask them nicely to stand down. Otherwise, If they get away, we're just going to see them again in a few months when they can put together another lance of mechwarriors with their own 'mechs and little interest in following society's rules.

**Map:** This is a chase scenario. The map should be long and relatively skinny. There should be a river cutting across the middle of the map.

### Recommended Maps:

- 1: 2018\_05 Front Rolling Hills 2
- 2: Streams
- 3: 2018\_01 Front Open Terrain 3

**Setup:** The Pirates begin the game 8 hexes away from the right side of the map. The left side of the map forms the Pirates' "Home Edge". Any pirates that make it off the left side of the map are considered to have escaped. The PCs enter the right side of the map on turn 1.

### Special Rules

**RUN AWAY!** The Pirates are simply attempting to get away with their 'mechs and/or vehicles intact. Any 'mech that makes it off the far side of the map from their starting edge is considered to have escaped.

**I love the smell of Napalm in the morning:** Any pirate 'mechs with SRMs can have Inferno ammo for at most one of their tons of ammunition.

**Stick Together!:** The Pirates don't want to get separated. No pirate 'mech should get more than 8 hexes farther away from their starting edge than the slowest (non-crippled) 'mech in

their formation. If a pirate 'mech has its speed reduced below 2, the other pirates will be happy to abandon them, however.

**Mission Objectives:** The PCs have been tasked with stopping the pirates, but if possible, allowing one pirate 'mech to escape - assuming the PCs have a 'mech fast enough to keep up with it to trail it back to their base. If more than one 'mech escapes off of the far end of map, or if one 'mech escapes that is faster than the fastest PC 'mech at the end of the game, then the PCs lose.

Award (C-Bills)	Mech Survived	Mech Severely Damaged	Mech Destroyed
No more than one slow pirate 'mech escapes (Players Win)	350,000	250,000	100,000
One slow pirate 'mech escapes (Bonus Objective)	+100,000	+100,000	+100,000
More than one, or a fast pirate 'mech escapes (Players Lose)	150,000	100,000	50,000

Award (XP)	Pilot Survived	Pilot Killed
No more than one slow pirate 'mech escapes (Players Win)	15	5
More than one, or a fast pirate 'mech escapes (Players Lose)	8	3
Opposing 'Mech/Combat Vehicle destroyed by party (each)	+1	+1

### Additional Rewards

**Did... Did he just run in there?: (One-Time Bonus)**

*You can't do that... Can you?*

Mark off one of these boxes to allow your 'mech to enter depth 1 water hexes while running for this turn only. You must still make PSRs as usual.

## MISSIONS

**Mission: 3025-03 Debrief**

**Pirate Hunting**

**Outside of Shelby City, Memphis, Crucis March, Federated Suns**

**July 7, 3025**

It's pretty rare that the Captain actually comes and joins you guys for beer, even at a high class establishment like the Greasy Myomer, but for some reason he chooses to do so today. He actually seems a little uncomfortable and clearly doesn't want to touch the pseudovinyl seats for fear he might get something on his nicely pressed uniform.

"Okay boys, Listen up" he starts. Man, is he capable of starting a conversation with people without saying that? What if he's talking to his wife? Sensing the fact that everyone is chuckling slightly at his expense, he starts again.

"Look, I just wanted to thank you guys for the job you did today. Lord Stephenson seemed quite happy to know where the pirates are going for some reason. They're heading towards the coast up north. There's a bunch of coves there, so it's not surprising that they might have a dropship hidden there somewhere."

"The weird thing is: He didn't seem all that interested in us chasing them. But our contract is pretty clear here, and there's a bunch of possible salvage available, so we're going after them to finish them. So: finish your beers - we ain't done just yet"

## MISSIONS

**Mission: 3025-03 Debrief**

**Pirate Hunting**

**Outside of Shelby City, Memphis, Crucis March, Federated Suns**

**July 7, 3025**

It's pretty rare that the Captain actually comes and joins you guys for beer, even at a high class establishment like the Greasy Myomer, but for some reason he chooses to do so today. He actually seems a little uncomfortable and clearly doesn't want to touch the pseudovinyl seats for fear he might get something on his nicely pressed uniform.

"Okay boys, Listen up" he starts. Man, is he capable of starting a conversation with people without saying that? What if he's talking to his wife? Sensing the fact that everyone is chuckling slightly at his expense, he starts again.

"Look, I just wanted to thank you guys for the job you did today. Lord Stephenson seemed quite happy to know where the pirates are going for some reason. They're heading towards the coast up north. There's a bunch of coves there, so it's not surprising that they might have a dropship hidden there somewhere."

"The weird thing is: He didn't seem all that interested in us chasing them. But our contract is pretty clear here, and there's a bunch of possible salvage available, so we're going after them to finish them. So: finish your beers - we ain't done just yet"
