

# BATTLETECH™

## MISSIONS

**Callsign:** Steelheart    **Name:** Erika Frost    **Faction:** Lyran Commonwealth

**Mech:** Griffin GRF-1N    **Pilot Skill:** 4    **Gunnery Skill:** 3

### Pilot Special Abilities:

**Intimidate:** Once per game, at any time during the move phase, declare that you are “Standing your ground” for that turn. This ability affects all enemy ‘mechs that have line of sight to you and have not moved yet that turn. No affected ‘mech can move closer than 8 hexes to you. ‘Mechs that start within 8 hexes may not end their move closer than they started, but may otherwise move normally.

**Bull Rush:** Once per turn, you may attempt to move through an opponent’s hex. Attempts to bull rush non-mech units are automatically successful. If the opponent is a ‘mech, upon entering the opponent’s hex, make a PSR. If successful, you enter their hex but must leave it by the end of the movement phase. If you cannot leave the opponent’s hex by the end of the move phase, you are ejected into the hex you moved into the opponent’s hex from, and must make a PSR at +2 or be knocked prone (including taking falling damage and potential pilot damage). If the PSR fails, you spend the MPs to enter the enemy’s hex, but fail to do so. You may continue to move with remaining MPs, but cannot attempt to bull rush the same opponent this turn.

**Background:** Erika Frost (Steelheart) is the daughter of General Stephen “Lefty” Frost. Erika was a fine, if not exceptional, member of the class of 3022 of the Nagelring. She was immediately posted to the 10<sup>th</sup> Lyran Guards despite her lackluster performance. Many members of the guards assumed that her position was due to her father’s position in the LCAF. After one too many fistfights caused by another member of the 10<sup>th</sup> questioning her position, Erika was “other than honorably” discharged. She left the commonwealth and went to prove herself on the mercenary world of Galatea.
